My thoughts on the “Writer who chooses to minimize the hurt of terminated AmFam agents:”

My history:

Highly Decorated Green Beret SGT, 4 Bronze Stars, Two US, one Vietnam and one Cambodian along with 8 or 9 more.

American Family Insurance was worse than Vietnam. In Vietnam we knew our enemies. I was able to live with my Vietnam nightmares. After our tour, the VA did not turn their backs on us either like AmFam leaders, and company news outlets did with the AmFam dealings. I almost couldn't live with my American Family Insurance nightmares. I was with them for 24.5 years and did nothing wrong except refuse to be a crook like Jack wanted me to be.

‘Writer’ must be a young agent or someone's kid. Wait until he has value with some years behind him. He'll be one of those saying "WHY DIDN'T SOMEONE DO SOMETHING?"

Sorry to say, NAAFA and agents have been nice too long. Someone’s button has to be pushed. Maybe my grandkids and others stand a chance.

I know. I stood up to the plate: De-Oppressed Libra, only in the movies.
