**Dear NAAFA,
I received the following email from a friend today. I wanted to share it with you all. Here it is:**

Bob Latta is our local representative--I would vote for him again and after reading this--I think we need more Bob's!!

Take good care and do it while you can...Just thought I would share with you a little bit of what we heard at last night's Republican dinner here in Crawford County, Ohio. John Kasich (running for Gov. of Ohio) was the keynote speaker. Also present were many politicians, most notably, Bob Latta, our U.S. Congressman. Mike and I walked up to Bob and thanked him for his conservative voting record and voiced our concern about what is going on in Washington. He made some funny botox remarks about Pelosi and then agreed with us that we have every reason to be concerned.

As there were others waiting to talk to him, our time was brief. Although what took place later that evening should make chills run up and down everyone's spine to hear. He asked to speak a few words at the end of the night and went up on stage. He proceeded to tell the crowd how bad things really are in Washington. He said if he could tell us even half of what the agenda is and what this administration plans to do to our country we couldn't sleep at night. He said he only gets 4 to 4-1/2 hours of sleep a night and worries constantly about what they want to do to this country.

He said that Pelosi, Reid and Obama have to be stopped. He said, "You know, you always hear this is the most important election blah blah blah, but I am telling you people...whatever you have to do to wake people up you need to do! We have got to vote them out in 2010 or with the things they have planned for this country we won't even be a country by 2020! Ten years."

You could see the look of almost desperation on his face.

He talked about the huge debt. He talked about how the Congressional Budget Office (CBO) gets their "figures". He sits on the finance committee and listens to the ramblings of Geithner and Bernanke. He

said, "If you think that the Chinese won't hold this over us with all our debt you have another thought coming. Our children will have nothing.."

"I don't care if you have to go out door to door, tell at least 10 people who will then tell 10 people. We have to do this. This is the single most important election ever in the history of this country. The change that Obama promised us is NOT the change people thought he meant."

WELL, I'VE JUST SENT THIS OUT TO EVERYONE ON MY DISTRIBUTION LIST! WILL YOU DO THE SAME? WE CAN GET RID OF MOST OF THE BAD GUYS IN CONGRESS THIS NOVEMBER, INCLUDING "FANCY NANCY". LET'S DO IT RIGHT THIS TIME.

"A Nation of Sheep will beget a Government of Wolves." --- Edward R. Murrow
