Subject: Give up

I know that you have tried throughout the last two decades to correct the injustices of American Family Insurance, but through-out numerous attempts you have never succeeded and you never will.

American Family Insurance is a billion dollar corporation, and in this world, you will never beat them.

They will continue to cheat the agent. They will continue to reap their large profits at the expense of agents.

Until agents, and especially prior agents unite, and form a plan to fight AMFAM, all of your WEB SITE is fruitless.

There needs to be a plan and COMMITMENT. Until that is realized, this WEB SITE is a waste of time.
